Hello.

I will only comment on the confirmation file: It looks accurate to me.

I'll allow Clovis and Michael to comment on the setup and parking tag(s)? since they will be using them.

(Just a reminder, please remember to give Clovis the wifi password.)

Thanks for all your help!

Hi Donett,

Air Program, TX Regional Haze FIP Public Hearing on September 26th is fast approaching. To ensure that we have everything ready for your event, please review the attached confirmation and diagram carefully and let me know if you have any updates or request.

In addition, I have attached the parking permit for you and other staff if you arrive before 12pm on Wednesday. Please make sure that the permit is displayed in the dashboard when you park. Starting 1pm, Lot 40 will be a no ticket zone so attendees will be able to park freely if space is available.

If you have any questions, please do not hesitate to reach out.

Thank you in advance,
KRISTINE MANAHAN | 512-232-8057
